Other Services

Our system room hosts a relatively big server park to support our large network.

University ID card is used for access authorization in several applications.

Our campus is monitored with over 100 cameras 24/7 for the safety of students, faculty and staff.

Our intranet website serves as a portal for internal resources such as:

- IT tutorials.
- Activity calendar.
- Shortcut to shared folders.
- Phone directory.
- E-mail directory.
