

At Tishk International University, students' feedback is crucial to us and we make sure to obtain their opinions continuously throughout the year. Their opinions, positive and negative, are given considerable thought and care by the University for improvement purposes. Based on last year feedback, the teaching staff at Tishk International University are requested to provide further references to students. Furthermore, the teachers are encouraged to implement more practical and interactive teaching techniques where students can practice more presentations and researches. The charts below show the improvement made in 2018-2019 in comparison to 2017-2018.

The results of student feedback for the academic year 2018-2019 can be accessed [HERE](#)
