

President of Ishik University Prof. Dr. Ahmet Öztaş and Mr. Sinan Guven, Dean of Students met with representatives of the faculties of our university on February 16, 2016. Generally, the aim of that meeting was to discuss the problems of our students nowadays during their academic life within the university and to share opinions for developing university facilities such as (parking area, security, cafeteria, library, and etc.) to get to know of each other more closely.

Our president discussed some issues which are implemented by the university nowadays and the other plans for the future. Finally they talked about the situation that the country goes through and they tried to indicate the key points for developing both university and the country.

Prepared by the Dean of Students and M. Albay
