

Ishik University participated in the Education Fair that was held in Sulaimani, Kirkuk and Erbil cities. As it is known, this is an annual fair dedicated to the introduction of the national and international universities and the education opportunities.

In the organization that was held in the month of February, there were lots of representatives from different countries. The interest in the event was quite high. Many university candidates and the graduate candidates visited the stands to get information. International educational institutions also got a great chance to introduce themselves.

The candidates and the visitors found the opportunity of face to face question and answer. The event lasted about one week.
