

Ishik University offers a variety of teacher training courses to help the educators improve their teaching skills. Within this context, about 140 teachers registered for a 45-day program in which they will update their current knowledge and improve teaching skills on English, Mathematics and Science.

This courses will be given by our professional trainers: Mr. Rawa *the Instructor*, Mr. Hemn *the Instructor*, and Miss. Dunya *the Instructor*. The course will open the horizons of the educators by helping them develop an excellent teaching experience. The edcuators will exchange information and experience by means of the applied courses as well as improving their English language skills during lecturing.
