

Ishik University's Faculty of Administrative Science and Economics proudly organized a campaign of "**Clean and Love Kurdistan**". The organization lasted for two days between 04-05 May, 2016. On 4 May, **Ishik University and Erbil Municipality** organized a seminar to create an awareness of keeping clean and protecting the environment.

The seminar took place on the campus and started with a speech by **President Prof. Dr. Ahmet Öztaş**; then *Vice Mayor of Erbil Municipality* **Abduwahid Ahmad Hamad** welcomed the students and congratulated Ishik University on being involved in such kind social activities. At the seminar, **Engineer Karwan Jabbar Hassan** *the Director of Service and Environment of Erbil Municipality* made a presentation about protecting environment and explained their different projects. The local media was ready and interested in the seminar.
